ICONS EXPLANATION

10-YEAR WARRANTY

All 4SO wicker is covered by 10-year warranty. Our high-quality Hularo wicker is synonymous for the absolute top in synthetic wicker. It's easy to clean, durable and resistant to UV rays – salt water – lotions – chlorine and alcohol. It is easy to fix small damages and can be fully recycled.

5-YEAR WARRANTY

All 4SO furniture is covered with a basic 5-year warranty. This includes all damage caused by weather-influences like UV-rays, rain, snow and temperature differences. Our weather-resistant materials have been thoroughly tested, for regular use and precise maintenance is required.

ALL WEATHER CUSHIONS

4SO furniture is durable and weather resistant. Our cushion fabrics are 100% Olefin and can stand all weather influences, yet they are still very comfortable. Most of our cushions have a zipper and anti-mold foam inside. It can stand UV-rays, temperature differences and moist. We do advise to cover your cushions to avoid stains and tearing by any other influences and enjoy your furniture directly after a heavy shower.

HANDCRAFTED ROPE

All of our Rope strings have either a polypropylene core or a weave, assuring our Ropes to remain taut. Its cover is made of an acrylic fabric that is highly UV-resistant, water repellent and is soft to the touch. 4SO Rope contains no hazardous materials and can be fully recycled. Handcrafting Rope patterns are part of our expertise in crafting outdoor furniture, and that we are very proud of.

HIGH-QUALITY TEAK

Through all of our collections you can find high quality Teak wood with a SVLK/V-legal certificate. This hardwood has natural oils inside that makes it withstand the weather conditions. Its natural defense mechanism turns the outside in a light grey look, depending on the weather conditions it may take 3 to 12 months. We offer a wide range of maintenance products to keep Teak wood in shape, clean and protect this material as to your preferred look.

HIGH PRESSURE LAMINATE (HPL)

The fabulous looks of stone or wood materials but in a lightweight, easy to maintain version: the ideal tabletop is here. HPL is a very technical material made out of many polyester layers that collide by very high pressure and temperature. This process creates an extremely durable, weather-resistant base. The looks on the outside are available in several styles and seal the base from moist and UV-rays. HPL is very scratch-resistant, easy to clean and perfect for outdoor use.

LIGHTWEIGHT ALUMINIUM

This weather-resistant material is used in our furniture in many different ways, as a lightweight frame or in exceptional leg-designs. This material is lightweight, rust-free and always powder coated in a certain color. Processing this material is very versatile, so for many parts of our furniture this durable material is simply perfect.

STAINLESS STEEL

This luxurious material with perfect outdoor abilities is mostly used in our collections that have a minimalistic look. For a strong table-frame, legs or seating tub. All of our stainless-steel parts are powder coated to assure the parts will remain strong and resistant.

Visit **www.4seasonsoutdoor.com** for a complete overview of materials, maintenance and guarantees about our collection.

WWW.4SEASONSOUTDOOR.COM

MADE TO MIX & MATCH

It’s personal. When we talk about style of course! We love our designs but now it’s up to you to make it yours: mix up materials, colors and design to decorate your outdoor area just the way you like it.

4SO
4 SEASONS
OUTDOOR

HISTORY

The roots of 4 Seasons Outdoor go back to 1967 when my parents started their Retail business in Nijmegen, The Netherlands. In the early 70's they also started selling garden furniture. From the mid-eighties the trade in garden furniture became their core business with production mainly in Europe.

In 1999 I took over the family business and in 2003 we created our brand 4 Seasons Outdoor. High quality, great comfort, all-weather abilities, unique designs and value for money were my main criteria as they still are today. With our own manufacturing facilities both in Indonesia and China, we are in complete control of the production process from initial design concept to final furniture in your garden. 4 Seasons Outdoor has become a premium brand in garden furniture with products selling worldwide.

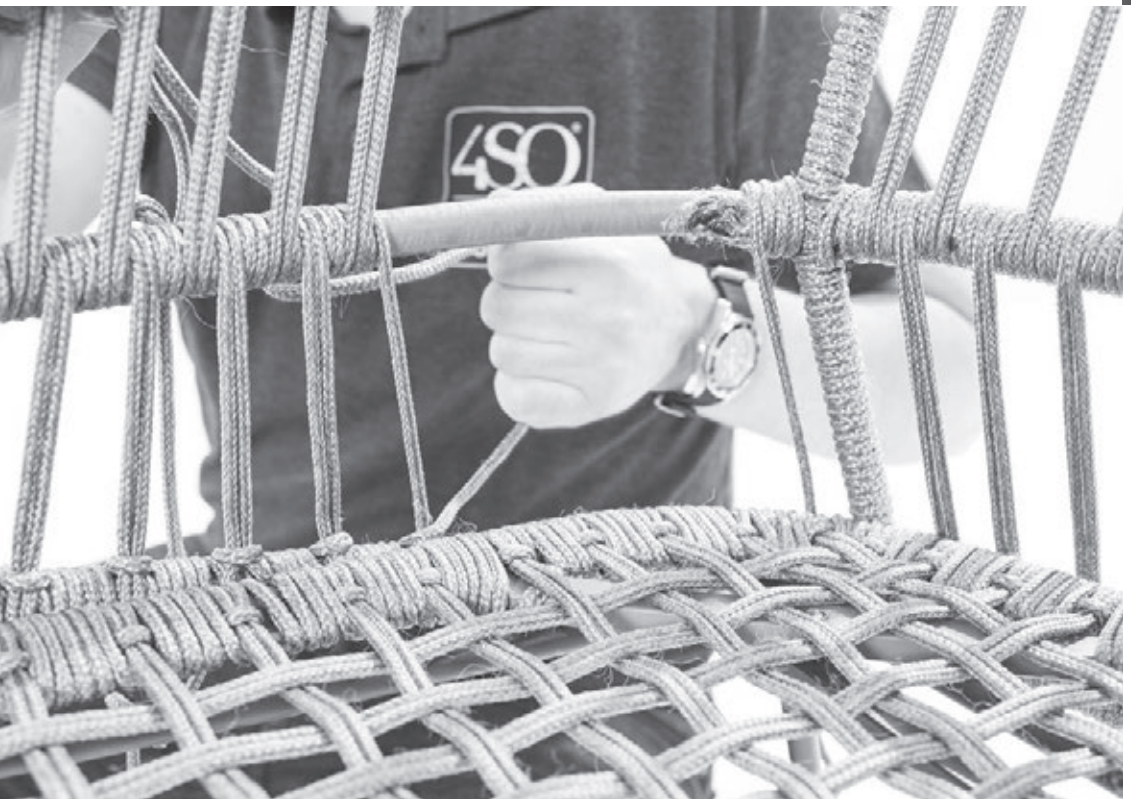
More than 2000 people are involved in our production process. With our own offices and showrooms in The Netherlands, Belgium, Germany and the UK we are fully aware of the local needs and are now widely recognised as specialists in offering **the world's finest garden furniture**.

Nowadays we are a premium brand selling our beautiful garden furniture collections worldwide. We continue to develop new designs, new materials and new combinations using our main criteria of creativity, quality and craftsmanship. Our goal is to keep surprising the world with extraordinary, innovative, timeless and trendy garden furniture styles. This is our main mission and our continued drive.

Frits Wolf
4 Seasons Outdoor

DESIGN & QUALITY

Everything starts with an idea, a sketch for a new design. Our own team creates and develops the designs. With great love and attention for comfort and durability, but also for a lovely comfortable arm rest, special chair legs and surprising colour combinations. Together with our weaving specialists and designers we've been developing extraordinarily, innovative and solid models for nearly 20 years. We use only the finest materials. That's why we offer 10 year warranty on our Hularo wicker products.



HANDMADE

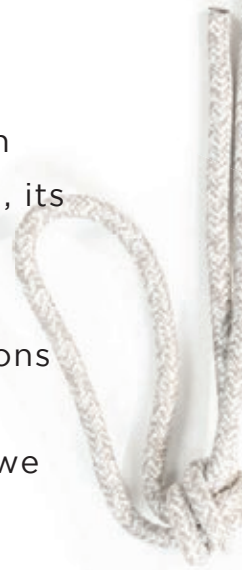
On average our weaving specialists spend 3 days on one piece of furniture. Every piece of furniture is crafted with a lot of care and attention, as you will see and feel. Quality, craftsmanship and a love for design: those are the three ingredients that constitute 4 Seasons Outdoor garden furniture.

ROPE
ROPE

You will see this weather-resistant material a lot in our collections. But what exactly is it and why is Rope so suitable for 4SO garden furniture?

We use several variants, but one thing they have in common. All Ropes have a polyethylene core and an Olefin sheath. This combination ensures its strength, its durability and its soft appearance.

Every unique piece of furniture in our Rope collections is handmade with passion. Thanks to a lot of experience, knowledge and love for the profession we are able to apply the most complex techniques.



TASTE 4SO®

COLLECTION **2024**

THE WORLD'S
SMARTEST
GARDEN FURNITURE

WELCOME

to the world of

TASTE 4SO®

We are a Dutch manufacturer of extraordinary garden furniture, that stands out by its surprising design and high quality. Our 4SO-vision is well known since many decades, when we started developing our complete assortment. 4 Seasons Outdoor is what we want to achieve for everyone looking for furniture that is enjoyable when in use, and when not in use. You can now enjoy fantastic comfort, weather resistant abilities and delicious designs: we proudly present our

TASTE garden furniture collection 2024

We design and develop our complete garden furniture collections to offer you an innovative, extraordinary assortment that stands out.

Only weather resistant, durable materials are used to assure you're able to enjoy your garden furniture for many years.

Comfort never goes out of style: we offer a wide assortment and varieties of comfort, in order to achieve the ideal support for you to relax.

Service is our trademark. We support our customers making sure your questions get answered, problems are solved and most important: you are enjoying your garden furniture.

ICONS EXPLANATION

ALL WEATHER CUSHIONS

Taste 4SO furniture is durable and weather resistant, what about our cushions? All of our collections have cushions with an Olefin cover (mostly with a zipper) and an anti-mould foam inside. This Olefin fabric can stand UV rays, temperature differences and dries fast. We do advise to cover your cushions to avoid stains caused by any other influences, and enjoy your Taste 4SO furniture directly after a heavy shower.

HIGH QUALITY TEAK

In all Taste 4SO ranges, when applied we only use high quality Teak wood with a SVLK/V-legal certificate. Teak hardwood has natural oils inside that make it withstand the weather conditions. The natural defense mechanism of Teak turns the outside in a light grey look, depending on the weather conditions it may take 3 – 12 months. We offer a wide range of 4SO maintenance products for cleaning and treating your Teak wood, finishing it in your preferred look!

ROPE

All of our rope materials have a polypropylene base or weave, assuring the rope remains taut. The cover is made of an acrylic fabric that is very UV resistant, water repellent and has a comfortable feel. Taste 4SO Rope contains no hazardous materials and can be fully recycled.

ALUMINIUM

This weather-resistant material is very suitable for outdoor use. Processing of this material is simple, which means that the application of aluminum is very diverse. You can find this lightweight material throughout our collection.

STAINLESS STEEL

A luxurious material with perfect outdoor abilities, used in a wide range of Taste 4SO furniture.
Stainless steel is strong and slightly flexible, in several collections we use a powdercoated tube with a sophisticated design.

HANDMADE WICKER

All Taste 4SO wicker is made by hand. That gives our wicker its unique looks. Its easy to clean, durable and resistant to UV rays. The material contains no hazardous substances and can be fully recycled.
